Appeal to Sunni Mainstream Community

My dear brothers and sisters of Sunni mainstream Islam,

Sub: Ongoing Mahdavia reform – sensitization of Sunni Mainstream

Towards Islam is a group formed by and for Ex-Mahdavia people living around the world in order to educate and guide the Mahdavia community about the deviations in the Aqeeda of Mahdaviyat. In order for our Mahdavia community to understand the extent of deviations in the Mahdavia aqeeda, we have presented a lot of material, books & videos that explain their deviations in our website (www.IsMahdaviyatReallIslam.com).

Also, we have presented the Fatwas from all 4 madhabs to prove the deviations. We are hoping that after they read this material, it will allow them to understand their deviations.

Because the community is spread around the world, presenting this message in a personal manner would not be feasible. As a result, we have very respectfully published this material on our website. Our intention is constructive and based on proof. Truth needs to be told, respectfully.

I encourage all Sunnis to read the material presented in the website so you are better prepared to understand the issues Mahdavis are facing. I would like to advise you not to treat any Mahdavi with disrespect.

Many of the Mahdavis are simply not aware of the extent of their deviations. They are generally led to believe that their Aqeeda is the teachings of Quran and Sunnah. It is the prime responsibility of Sunni Mainstream community to interact with Mahdavis with extreme love and compassion, so they feel welcomed.

The Mahdavia community is going through a massive INTERNAL reassessment of their faith. Thousands of people have already left their Aqeeda for Mainstream Sunni Islam and many are in the process of leaving.

Among the two major issues faced by those who have left Mahdaviya Aqeeda are matrimonial and graveyards. To seek the pleasure of Allah SWT, we humbly request you to provide all possible assistance.

We hope and pray that Allah SWT blesses all of us and accepts this deed from us.

Was'salam
